

Blue Sky offers a professional approach to Outsourcing your Finance, Accounting and/or Company Secretarial requirements.

Tom Degenis, Synchro Ltd:

"Blue Sky Corporate Finance provide us with a great value for money range of outsourced book keeping, payroll and company secretarial services for our UK and USA operations. This saves me the time that I would need to keep up to date with changes in legislation and affords me the peace of mind that we are compliant."

Tailor Made Outsourcing Services

Many small to medium sized businesses are currently finding huge benefits from outsourcing their accounting, payroll or company secretarial services. By outsourcing these requirements companies are avoiding fines, freeing up much needed time, resources and of course benefiting from the associated cost savings of not having to hire suitably qualified staff.

To discuss your requirements in more detail and to find out how we can help you, contact our friendly, professional and experienced advisors for a **FREE** no obligation review.

Some of the Outsourcing Services we provide include:

Non Executive Director Services

Value added non-executive and part time directorship services.

Company Secretarial Services

A range of options including the preparation and filing of annual returns, the maintenance of statutory books and a full range of Companies House/Companies Act compliance advice and management services.

Corporation Tax

A complete range of corporation tax self assessment, calculation, submission, filing, management and HMRC liaison services.

Invoice Financing

Whether your interest lies in Invoice Discounting or Factoring, our team of experts have a wide knowledge of key SME providers in the Invoice Financing market. We offer a free consultation to ensure you are receiving the most competitive rates and that you get the very best deal.

Statutory Accounts

A service to prepare, file and distribute your annual statutory accounts in accordance with current accounting standards and company law.

Mentoring Services

Our Mentoring Service covers a wide range of areas from advice on preparing business plans and financial forecasts, ensuring your accounts provide you with the management information you require, through to dealing with specific operational problems of the business itself.

Management Accounts

A full outsourced service to help you to design, prepare and circulate your weekly, monthly or quarterly management accounts including assistance with the preparation of your annual budget for comparative purposes and the identification/explanation of the key performance indicators and ratios that will help you to manage your business.

Book Keeping/Administration Services

A complete range of services including sales, purchase and nominal ledger management, credit control, VAT reporting, payroll management, cash management, full management accounts preparation, cash flow forecasting, document archiving and administrative support.

Payroll Management

A full and confidential outsourced payroll management service for your UK and overseas employees including maintenance of all employee records, holiday and sickness reporting, monthly and year-end HMRC returns, P11D, payslips, electronic payments and tax advice/guidance.
